

November 10, 2009

Dear Parent/Guardian:

If your child was absent or their form was filled out incorrectly when Cape County Health Department was in the building for the first H1N1 dose, you have two options for having your child vaccinated.

- 1) You may go to Cape County Health Department (1121 Linden Street) to receive the total H1N1 vaccine (both doses). If you choose this option please take a copy of this letter with you to verify the school building your child attends; **OR**
- 2) You may wait until CCHD returns to your child's building for the follow-up of those who have already had the first dose. Please note that with this choice you will still need to take your child to the health department for the 2<sup>nd</sup> dose of the vaccine.

If you have any questions please call me at 335-1867.

Sincerely,

Deena Ring
